

A4 SPIRAL NOTEBOOK MOCKUP

Set includes 12 PSD Files / Fully Layered
2500x2500 resolution (8.3x8.3 inches 300dpi HiQ print)

GENERAL INSTRUCTIONS

Usage is very simple. Open the psd file, you will find a group of layers (duly named).
Layers for editing are located on top, named properly and marking red color

STEP 1 Double click on layer «top cover design edit» (marking layer red)

STEP 2 Paste your design image
(make sure that your image was in the visible region)

STEP 3 Save the layer (smart object)

Repeat these steps for every smart object. (marking red layers)
«back cover design edit»
«back cover color edit»
«spiral color edit»
«01 spiral color edit»
«thickness paper color edit»...

DETAILED INSTRUCTIONS FOR WORKING WITH SMART OBJECTS

You can adjust the effect of light, shadow, ambient occlusion and reflects changing to appropriate transparency layers - «reflect / light / light over / shadow». You can put the objects on any background, to use it in their presentations and design. Change the size, mirror, dream, add others add your own text to create colorful and fun work.
